SETTLEMENT CONFIDENTIAL

Sarah -

Further to our discussions last week and your letter dated May 31, 2012, granting a short extension of the deadline to submit RM 10.9 AOC signature pages until June 14, 2012, attached are redline versions of the AOC and SOW, which reflect some proposed changes that the non-Tierra CPG members felt were necessary due to the decision of some CPG members not to participate in the RM 10.9 settlement.

In reviewing the proposed changes, please note the following:

- The highlighting in the AOC designates additional language that was not contained in EPA's initial draft findings of fact, dated February 17, 2012.
- Two minor revisions are proposed for the SOW to account for timing and logistical issues associated with hiring contractors.
- Both documents have some formatting issues that were generated by converting the documents from PDF to Word.

We look forward to your response and working with you to finalize the AOC and SOW by June 11.

Thanks,

Gary P. Gengel
